

Primary PE and Sports Premium

Predicted spending for academic year 2023 – 2024

About the PE and sport premium

All young people should have the opportunity to live healthy and active lives. A positive experience of sport and physical activity at a young age can build a lifetime habit of participation and is central to meeting the government's ambitions for a world-class education system.

Physical activity has numerous benefits for children and young people's physical health, as well as their mental wellbeing (increasing self-esteem and emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers. Ensuring that pupils have access to sufficient daily activity can also have wider benefits for pupils and schools, improving behaviour as well as enhancing academic achievement.

The PE and sport premium can help primary schools to make additional and sustainable improvements to the quality of the PE, physical activity and sport offered through their core budgets. It is allocated directly to schools so they have the flexibility to use it in the way that works best for their pupils.

Department of Education 2021

Please note, 2023/24 is the first year TWA has received funding.

Academic Year: 2023/24		Total fund allocated: £4,083	Date Updated: October 2023		
Action – what are you planning to do	Who does this action impact?	Key indicator to meet		Impacts and how sustainability will be achieved?	Cost linked to the action
